## Gardening by the Moon 2022

Planting Guide and Garden Activities Based on the Cycles of the Moon Work with the forces of nature to get the most out of your garden

- Three ways to purchase:
  - Email the Purchase Order form to caren@gardeningbythemoon.com 30 days billing available
  - Send the order form with a check to Divine Inspiration Publications, PO Box 2503 Guerneville, CA 95446
  - Order Online--tax exempt with resale number gardeningbythemoon.com/wholesale/
  - Available through Small Changes calendar distributors at smallchanges.com

- A great organizational tool! Easy to read calendar format, shows best moon phase and sign for planting
- For gardeners of all levels who want to optimize their growing season
- More regional gardening information for your climate than any other moon calendar
- Three versions to match your *average* frost free growing season, with different monthly activities and planting lists.

  Offer more than one if your area has varied climates or tourist clientele.

**Long Season--**March 1 to Nov. 15 ISBN 9781736996607

**Medium Season-**-April 15 to Oct. 15 ISBN 9781736996614

**Short Season--**May 15 to Sept. 30 ISBN 9781736996621

- Promote it as a planting guide, not just a calendar, for longer shelf life. Sells well into Spring!
- Counter top display box available to hold them upright, *free with 24*
